

STANLEY[®] FATMAX[®]

Designed to enable one-person working in an extensive range of lifting, levelling, holding and fitting applications, the STANLEY[®] FATMAX[®] TradeLift™ delivers up to 150kg lifting force with 220mm of total lifting capacity.

- **ENABLES ONE-PERSON WORKING:** in professional applications
- **HEAVY-DUTY PERFORMANCE:** Up to 150kg lifting force
- **DESIGNED FOR MULTIPLE TRADES AND USES:** Ideal for kitchen, floor, door and window fitting, carpentry, joinery, drywall and general building
- **REINFORCED PUSH DOWN LEVER:** Allows the user to apply pressure to the handle for easier lifting of heavy items such as appliances
- **HANDS-FREE OPERATION:** The reinforced push down lever can be used by foot for hands-free operation
- **RECESSED FULL RELEASE BUTTON:** Safety feature avoids accidental activation of the full release
- **FINE ADJUSTER:** Lowers the lift plate by up to 2.5mm per toggle for fine adjustments when levelling.
- **ANGLED EDGE:** Allows the tool to slide under low objects.
- **STABLE OPERATION:** Four countersunk screw holes ensure the tool can be anchored securely
- **LARGE BASE PLATE:** For further stability, and to help prevent tipping
- **ENCLOSED METAL PLATE HOUSING:** Provides added durability and prevents dust from contaminating the tool.
- **ERGONOMIC HANDLE:** Handle overmould delivers grip, comfort, and control
- **LIFTING CAPACITY:** 7-220mm
- **BASE DIMENSIONS:** 6 x 170 x 125mm
